

TURBO LINER DEALER SHOP FLOOR PLAN

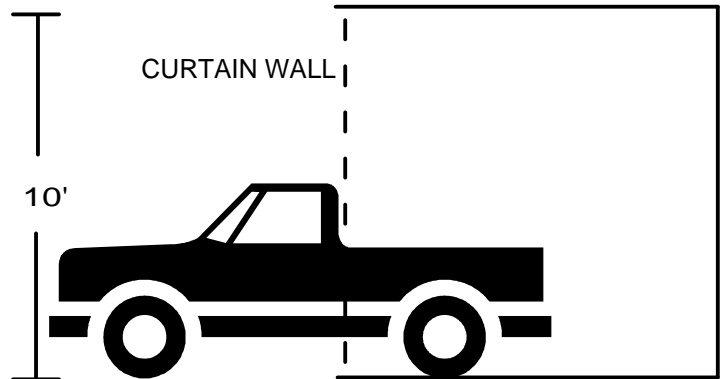

EXHAUST FAN
ABOUT 3000 C.F.M.

Good Lighting Is Very Important.
(The high ceiling makes the
light bulbs last longer.)

- * The inside of the spray area is covered with 6 mil. plastic. The walls are painted white to help reflect more light.
- * The drop curtain is also made with 6 mil. clear plastic.

These measurements represent ideal situations,
exceptions can be made for space requirements.
